

weight_symkl_gauss

```
graph LR; A[weight_symkl_gauss] --> B[weight_unsymkl_gauss]
```

A diagram showing a transformation from a symmetric kernel weight matrix to an unsymmetric one. On the left, a gray rectangular box contains the text 'weight_symkl_gauss'. A dark blue arrow points from the right side of this box to the left side of a white rectangular box on the right. The white box contains the text 'weight_unsymkl_gauss'. Both boxes have a thin black border.

weight_unsymkl_gauss
